Total Due	\$0.00

The above will also include duct modifications to help balance air, tape and duct sealant any loose connections. Some ducts will need to be reinsulated in parts to prevent condensation from dripping moisture at ceiling register. Return plenum in ceiling will be framed in better, and taped and sealed to prevent any attic air being sucked into return. Will also perform maintenance on system, chemical wash coils, inspect blower, and test system function and pressures. Also secure ductwork from falling in future.

Payment is due upon receipt.
